

# Try, Try, Try

Alejandro Escovedo

Well a friend said to me  
He said you try to hard  
You just spin around in circles  
And you never get it right

I said now wait a minute James  
Don't you come down so hard  
Yeah I spin around in circles  
But I'm gonna get it right

You can crawl across the floor  
Till your knees do bleed  
He said there's no dignity  
Cause any one can bleed

I said now wait a minute Mom  
Don't you cry so hard  
Yeah I try, try, try  
I'm gonna get it right  
You can keep all your prayers  
In a beaded bag  
Walk away all your saints  
Cause I'm gonna get it right
