

Heartless Highway

Alela Diane

One thing loosened in the sky trailing by
Nowadays distant place pouring change
This is a heartless highway
This is a heartless highway

So long, long gone, so long, long gone
So long, long gone, so long, long gone

Listless in the morning, I'm aloof too soon
Take me in the open, stare at these dark rooms
This is a heartless highway
This is a heartless highway

So long, long gone, so long, long gone, long gone
So long, long gone, so long, long gone

But I got to get back, I got to get back
I got to get my feet back on the ground
I got to get back, I got to get back home

Oh, I got to get back, I got to get back
I got to get my feet back on the ground
I got to get back, I got to get back home

So long, long gone, so long, long gone
So long, long gone, so long, long gone

Take me to the water
Take me to the girl
Take me, won't you take me
Before I'm good as gone?
