## **Early Mourning**

Last night I forgot How the sound of your voice whispered sweet Goodbyes, Your eyes, left to die I'm alone to understand why

Why not one more night? One last kiss goodbye? My sweet love tonight I hope the stars Still spell out your name Where you are...

Kiss my closing eyes Help me sleep Without you I'm so lost Tonight I cry Tell me why I can't live without your warm embrace

Why not one more night? One last kiss goodbye? My sweet love tonight I hope the stars still Spell out your name Where you are...

I close my eyes and you are everything I see Goodbye

Goodbye to you my love I won't forget you I'll see you soon Goodbye my love Goodbye to you my love I won't forget you Let me live
