Interval

Alesana

We though that this would be different
Yea, and we were so right
Say it with me
"I am the one who dreams"
Trust in your heart
Accomplish everything (say anything)
See everything you could not live without

This is a big mistake
I'm second guessing my way

Stay off of the ground
It's so easy to take a chance
Say you think it's good for me
And I'll stop being reckless
Damn I hope you're right
It's time to step away
Take another glance
It's time to walk away and maybe have a fighting chance
It's time to step away
Dance another dance (Damn I hope you're right)
It's time to walk away and leave behind a sweet romance

You take my breath away
You take my breath away

We will sing this song together tonight
You take my breath away
Close your eyes, think of me
Please take my breath away
I will be alright
Memories survive through the night

I never promised you
I never promised you
I never promised you
This would get easier
I never promised you
I never promised you
I never promised you
This would get easier

You take my breath away
You take my breath away

We will sing this song together tonight
You take my breath away
Close your eyes, think of me
Please take my breath away
I will be alright
Memories survive through the night

If you go I'll break
Don't go, I'll wait
If we go you'll break
Beg me to stay
If you go I'll break

Don't go, I'll wait
If we go you'll break
Beg me to stay
Oh no (If you go I'll break)
I want you to know (Don't go, I'll wait)
You're not alone
I hope that you really know (If we go you'll break)
You're not alone (Beg me to stay)
It's tearing me
It's tearing me apart
Oh no (If you go I'll break)
I want you to know (Don't go, I'll wait)
You're not alone (If we go you'll break)
We've seen this before
It's tearing me
It's tearing me apart
I hope that you really know (If we go you'll break)
You're not alone (Beg me to stay)
We've seen this before
It's tearing me
It's tearing me apart
If you go I'll break
Don't go, I'll wait
We've seen this before
It's tearing me
It's tearing me apart
If we go you'll break
Beg me to stay
We've seen this before
If you go I'll break
Don't go, I'll wait
If we go you'll break
Beg me to stay
