

## Do it for Love

Alesha Dixon

I used to fight hard  
Life was like a hustle in the school yard  
Doing it for myself is what it [?] me  
Nothing is impossible  
Impossible to breathe is where you left me

Now that I leave it all behind  
Baby, can't you see?  
I'm in a different state of mind  
Felt the beat was changing  
When you came into my life  
For finally I see the life  
From deep inside the underground I rise  
Now I

Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love

When you showed up  
[?] over me to make my heart knock  
Giving me your reason that is so real  
My love for you, unstoppable  
Unstoppable this feeling that you gave me

Now that I leave it all behind  
Baby, can't you see?  
I'm in a different state of mind  
Felt the beat was changing  
When you came into my life  
For finally I see the life  
From deep inside the underground I rise  
Now I

Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love

I like [?]  
The flash got me flying high  
And we doing it for love  
Been doing it to win  
And now that we're together  
[?] doing it all for him  
We can talk about the money  
Talk about the fame  
[?] broken promises  
I do it on the game  
For the one who's got me found  
I never let you go  
Never let you down

Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love  
Do it, do it, do it for love
