

I'm a Woman

Alessandra Amoroso

I could show you so many things.
But you've got to promise.
That you wont take my wings.
Baby you know..
That it feels so good.
And I'm gonna love you.
Till the end of the night, but..
Don't you try to change me.
Don't be twisting my mind.
'Cause you got it good.
I thought you understood.
I'm a woman of the times.
You say that your cool.
Now show me its true.
Put your money where your mouth is.
And I will always come home to you, you, you, you.
Baby you know how it feels so good.
I'm gonna love you till the end of the night.
Don't you try to change me.
Don't be twisting my mind.
'Cause you got it good.
I thought you understood.
I'm a woman of the times.
Don't you try to change me.
Don't be twisting my mind.
'Cause you got it good.
I'm a woman of the times.
I'm a woman.
"She's a woman"
Yes sir.
That's right a woman.
I'm the baddest girl around.
'Cause I can always break it down.
I'm a, Im a one of a kind.
I'm a woman with her own mind.
Hey baby.
Baby you know.
How it feels so good.
And I'm going to love you.
Till the end of the night.
Don't you try to change me.
Don't be twisting my mind.
'Cause you got it good.
I thought you understood.
I'm a woman of the times.
Don't you try to change me.
Don't be twisting my mind.
'Cause you got it good.
I thought you understood.
I'm a woman of the times.
