

Bad Bitch

Alessandra

Who is she
Walking in
With that glitter on her skin
Like a diamond she keep shining
Watch her lighting up the bar

Who is she?
Wait that's me
What a perfect masterpiece
Ooh I like her ooh I love her
Glad she's coming home with me

Me myself and I
Yeah we looking so divine
When we sipping on this wine
Oh my god
Got the ladies by my side
While the boys can stay in line
Cuz I'm one of a kind
Oh my god

What bad bitch
Got the mirror staring
At this bad bitch
(Yeah)
What a blessing
How did I turn into such a bad bitch?
(Yeah)

Lips are glossed
Hair is slick
Paparazzi take a pic
See me popping, it's not often
That you get to shoot a star

Pretty flaws
Pretty chick
Keep it real, not tryna trick
So iconic, call it chronic
Cuz I'm never stopping it

Me myself and I
Yeah we looking so divine
When we sipping on this wine
Oh my god
Got the ladies by my side
While the boys can stay in line
Cuz I'm one of a kind
Oh my god

What bad bitch
Got the mirror staring
At this bad bitch
(Yeah)
What a blessing
How did I turn into such a bad bitch?
(Yeah)

What
What a savage
Selling her your heart can cost you damage
(Yeah)
What a blessing
How did I turn into such a bad bitch?
(Yeah)

You might think I'm self obsessed
That I'm dressing to impress (ye ye)
But you still don't know the rest
So Imma say it with my chest (ye ye)

Fell on my face, yeah a couple of times
Worked on myself and I'm still on the grind
And you can tell by my eyes
Proud of the tears that I've cried

What a bad bitch
Got the mirror staring
At this bad bitch
(Yeah)
What a blessing
How did I turn into such a bad bitch?
(Yeah)
What a savage
Selling her your heart can cost you damage
(Yeah)
What a blessing
How did I turn into such a bad bitch?
(Yeah)
