

Not That Deep

Alessandra

Babe
It's not that deep
I got one too many me
Priorities

You're calling 'cause it's Saturday night
I'm busy working weekends, ain't no 9 to 5
I told you I can't give you my time
I'm doing what I love and that's not you and I

Honey
We're sorry, not sorry
We're not in a hurry, yeah
(I don't work under pressure)
Honey
If you really love me
You gotta let me do my thing
(I don't work under pressure)

Babe
It's not that deep
I got one too many me
Priorities
So you can go ahead and
Do what you want, what you really want
Won't get what you want, what you really want, nah
Babe
It's not that deep
It's not that deep
It's not that deep
I got one too many me
Priorities
It's not that deep
It's not that deep
I got one too many me
Priorities

I heard you told your friends I'm the one
But I just think about you when I'm hot and drunk
Been singing "Girls just wanna have fun", yeah
While you been crying to all of your sad songs

Honey
If you really love me
You gotta let me do my thing
(I don't work under pressure)

Babe
It's not that deep
I got one to many me
Priorities
So you can go ahead and
Do what you want, what you really want
Won't get what you want, what you really want, nah
Babe
It's not that deep
It's not that deep

It's not that deep
I got one too many me
Priorities
It's not that deep
It's not that deep
I got one too many me
Priorities

Say you love me
And I can make you love me harder
Say you love me
And we can go, uh-uh-uh
Say you love me
And I can make you love me harder
Say you love me
And we can go, uh-uh-uh
