

# Fire

Alessia Cara

Pick me up and take me home  
Reaching through my skin and bones  
Changing my DNA  
Inch by inch  
Minute by minute

All the time I used to waste  
Always falling by mistake  
But you're rushing to my brain  
Like it's nothing  
I'm jumping in headfirst, and

Ooh, I'm on fire  
Ooh, I'm on fire  
Ooh, I'm on fire  
Ooh, I'm on fire

Pick me up and set me free  
Golden boy in dirty jeans  
Painting me in your light  
Wonder why I couldn't see it?

All the time I used to waste  
Always falling on my face  
But you're rushing to my brain  
Like it's nothing  
I'm jumping in headfirst, and

Ooh, I'm on fire, yeah  
Ooh, I'm on fire  
Ooh, I'm on fire  
Ooh, I'm on fire

I wanna be where you are  
Anywhere else is too far  
I wanna be where you are  
Be where you are  
Be where you are, yeah  
I wanna take you places  
I wanna keep you safe, and  
I wanna be where you are  
Be where you are  
Be where you are

Ooh, I'm on fire, yeah  
Ooh, I'm on fire  
I'm on fire  
Ooh, I'm on fire  
Ooh, I'm on fire  
I'm on fire  
Ooh, I'm on fire  
Ooh, I'm on fire
