

# I Miss You, Don't Call Me

Alessia Cara

You played, I came to visit  
You look the same but different  
Made me so damn sad and so I had to lie  
I'm trying to keep a distance  
But all my motor instincts  
Still know their way around and every sound's amplified

And the heartbeat's there  
And we can't hide it  
Oh, no, no, but I'm too scared  
To breathe air into it, I might revive it, oh

Oh, I miss you, don't call me  
Oh, I miss you, don't call me  
If I get too ahead of myself, I can tell I won't stop me  
I miss you, don't call me

Call me  
Don't call me  
Don't call me  
Please call me

I think of things to say so  
I never have to go home  
Do you remember  
The last time we were this close?  
You said that everything would be alright

And the heartbeat's there  
And we can't hide it  
Oh, no, no, but I'm too scared  
To breathe air into it, I might revive it, oh

Oh, I miss you, don't call me  
Oh, I miss you, don't call me  
If I get too ahead of myself, I can tell I won't stop me  
I miss you, don't call me

Call me  
Don't call me  
Don't call me  
Please call me

You're the light I'm scared to turn on  
You're the bruise I'll never learn from  
I'm the one who's under your thumb  
You're the one I'll never un-love

Oh, I miss you, don't call me  
Oh, I miss you, don't call me

(Oh, I miss you, don't call me)  
You're the light I'm scared to turn on  
You're the bruise I'll never learn from  
(Oh, I miss you, don't call me)  
(Oh, I miss you, don't call me)  
I'm the one who's under your thumb

You're the one I'll never un-love  
(Oh, I miss you, don't)

Oh, I miss you, please call me
