

# Shapeshifter

Alessia Cara

I can't quite put my finger on you  
You shape shifter  
I don't even know if you believe you  
You mind drifter  
I should've known it wouldn't be you  
You big quitter  
What a way to go  
You didn't need to  
I'm still bitter

Who was I to think that I could be the one  
To change your mind?  
To mean more than some history  
To have time on my side  
Who was I to think  
That I could stop the sun from setting on us?  
Said you wouldn't break your promise, Mr. Honest

Don't know if I wanna get you back  
Or get you back someday  
Don't know if I'm even mad  
Or just sad you couldn't stay, yeah  
Go figure  
Team switcher  
It's a shame  
Did I get fooled or are you a fool just like me?

Replace your guilt with philosophy  
Bright idea  
I bet you forgot you said you need me  
On tequila  
Thought the two of us were dancing in a dream  
Buzz killer  
We were never two, my dear  
We were three

And who was I to think  
That I could be the one to make your choice?  
To mean more than some history  
To cut through all the noise  
Who were you to think  
That I would be fine  
Being disrespected?  
I hope someday you'll regret it  
Yeah, I said it

Don't know if I wanna get you back  
Or get you back someday  
Don't know if I'm even mad  
Or just sad you couldn't stay, yeah  
Go figure  
Team switcher  
It's a shame  
Did I get fooled or are you a fool just like me?

Shape  
Shapeshifter, shapeshifter

Shapeshifter, shapeshifter

Don't know if I wanna get you back  
Or get you back someday  
Don't know if I'm even mad  
Or just sad you couldn't stay, yeah  
Go figure  
Team switcher  
It's a shame  
Did I get fooled or are you a fool just like me?
