

Slow Lie

Alessia Cara

I know it wasn't much to you
But you dressed it up so pretty, didn't you?
Who wouldn't get caught up
But lately I'm seeing right through ya
By the way, I moved to the city
You're too busy being tied up

With other things
Everything is different here
Wondering where you've been
You disappeared
I guess I'll see you around
I'm sure I'll see you around

Such a slow lie
Bet your life
That everything will stay the same
Swear it's the ones who said that they'll never change
Slow lie
Bet your life
That everything will stay the same
Swear it's the ones who said that they'll never change

Was it too much for you
To have said goodbye or apologize?
It's kind of messed up that even after all I told ya
You won't look in my eyes (My eyes, my eyes)
I probably should be caught up

With other things
Everything's different here
Wonderin' where you've been
You disappeared
I guess I'll see you around
I'll see you around

Such a slow lie
Bet your life
That everything will stay the same
Swear it's the ones who said that they'll never change
Slow lie
Bet your life
That everything will stay the same
Swear it's the ones who said that they'll never change

Don't you go lose yourself
And build a glass house
On the wrong things
On the wrong things
Don't you go dull your mind
By gettin' to high
Off a big name
Off a big name

Don't you go lose yourself
And build a glass house
On the wrong things

On the wrong things
I can picture you still
On the hill
It's always the ones who said that they'll never change
