

# THE END

Alesso

Lights off, but you're in the driveway  
Haven't seen your face in five days  
I'll pretend I'm happy that you're home

Cleaned up and I hid the ashtrays  
You get mad when I smoke at your place  
You won't kiss me so I guess you'll never know

I thought that I could save it  
But we're beyond repair  
I could be on fire and you wouldn't care

Welcome to the end  
Guess you get your way again  
Never held my hand so you don't have to let it go

Welcome to the mess  
Slippin' on my mini dress  
I don't wanna party, but don't want to be alone

I hate the way that I love you  
I don't want to  
How can you hurt me when you're not around

Welcome to the end  
Guess you get your way again  
Never held my hand so you don't have to let it go

Last night I was out with your friends  
Got drunk and forgot what I said  
Don't like this version of myself

I'm not fine, but it's easy to fake it  
Good advice, but it's harder to take it  
When my mind sees you with someone else

I thought that I could save it  
But we're beyond repair  
I could be on fire and you wouldn't care

Welcome to the end  
Guess you get your way again  
Never held my hand so you don't have to let it go

Welcome to the mess  
Slippin' on my mini dress  
I don't wanna party, but don't want to be alone

I hate the way that I love you  
I don't want to  
How can you hurt me when you're not around

Welcome to the end  
Guess you get your way again  
Never held my hand so you don't have to let it go

I hate the way that I love you

I don't want to  
How can you hurt me when you're not around

Welcome to the end  
Guess you get your way again  
Never held my hand so you don't have to let it go
