

# Doesn't Get Better

Alex Aiono

She's every color in the spectrum  
She's the sunset in July  
She's Picasso's Box of magic  
The iris of an angel's eye  
Yellow umbrella  
A sea of New York City black  
I need to tell her  
She made the stars tonight burn brighter than a million suns  
It doesn't get better  
Get better  
It doesn't get better than this  
It doesn't get better than this  
Shines like coral in New Zealand  
Flashes like gold of a grand prize  
Lit the darkness of my midnight  
Blued the gray of my April skies  
White hot in winter  
Kiss until we're feverish  
And I need to tell her  
She beams she glows like lava flows  
She sets the moon on fire  
It doesn't get better  
Get better  
It doesn't get better than this  
It doesn't get better than this  
Blinding eyes  
I'm struck like lightning  
It doesn't get better  
Make me feel just like I'm flying  
She makes the stars tonight burn brighter than a million suns  
It doesn't get better  
Get better  
It doesn't get better than this  
It doesn't get better  
It doesn't get better than this  
It doesn't get better
