

EVERYTHING

Alex Aiono

This love is solar-powered
I'm never running out of things to say to you
You are my golden hour
Oh, everywhere I go I'm on my way to you
And I swear one day soon I'll bring these dreams to you

Where I'm gonna be outside your house
Then I'm gonna be sat down on your couch
Where I'm fumbling words out my mouth
And you're picking 'em up while you're dressing me down
And you're telling me right here, right now
This is everything, right here, right now
This is everything
(This is everything)

And this heart is overworking
I'm never running out of things to feel with you
And each time you talk I'm certain
The only thing I ever need to hear is you
It's all I ever need

Swear I'm gonna be outside your house
Then I'm gonna be sat down on your couch
Where I'm fumbling words out my mouth
And you're picking 'em up while you're dressing me down
And you're telling me right here, right now
This is everything, right here, right now
This is everything
(This is everything)
(This is everything)
(This is everything)

I'm on my way, I'm on my way
I'm on my way

This is everything
(This is everything)

And I swear one day soon I'll bring these dreams to you

Where I'm gonna be outside your house
Then I'm gonna be sat down on your couch
Where I'm fumbling words out my mouth
And you're picking 'em up while you're dressing me down
And you're telling me right here, right now
This is everything, right here, right now
This is everything
This is everything
