

Never Know

Alex Aiono

I used to pull from the J
Until you would say
Baby, you're smoking the paper
I'm just not the type to give up
No matter how tough
Not till I've tried everything first
We went from the happiest place on earth
To unsent like that
Now I just miss your love
While you live and laugh
I just needed a break
But you felt a way
And you blew it all up out of anger

Now I guess we'll never know
Where we were gonna get to
Were we gonna get through it
Tell me was it meant to be baby
I guess I'll never know
If you were the one for me
Cuz I was trying to run Forrest
But you just couldn't let it be baby
Now I guess we'll never know
I guess we'll never never know
Now I guess we'll never know
I guess we'll never never know

Cuz you used to race home from work
But FaceTime me first
Cuz that's just how badly you'd need me
Talking bout how was my day
And if I missed your face
And the shit you would do when you see me
How'd we go from picking up the pace
To just giving up
Tell me how you're gonna pay
For your hit and run
Your grass wasn't green
So you fled the scene
And you didn't even check if I was bleeding

Now I guess I'll never know
Where we were gonna get to
Were we gonna get through it
Tell me was it meant to be baby
Now I guess I'll never know
If you were the one for me
Cuz I was trying to run Forrest
But you just couldn't let it be baby
Now I guess I'll never know
I guess I'll never never know
No I guess I'll never know
I guess I'll never never know
No I guess I'll never know
I guess I'll never never know
No no I guess I'll never know
I guess I'll never never know

I guess we'll never know
I guess we'll never never know
Never never
Guess we'll never never
Guess we'll never never know
Never never
Guess we'll never never
Guess we'll never never know
I guess we'll never know
I guess we'll never never know
What we would become
What we would become
What we would become
What we would become
