

# Old Ways

Alex Aiono

I miss when loving you  
Still felt like a fantasy  
Now making up with you  
Is my constant reality  
You say what's wrong with you  
I say what's wrong with me  
Did we get too comfortable  
Talk to me honestly  
Cuz I need you

Can we find our old ways  
Fall back to that same place  
Cuz I know you're my home plate  
But we're so hot and cold babe  
And I've been searching  
But can we find our old ways

Don't make this hard for me  
I won't make it hard for you  
Positive energy  
Is that so hard to do  
We're not on different teams  
I know you want it too  
And I can't pretend that things don't change

Can we find our old ways  
(I been hurtin')  
Fall back to that same place  
(I'm for certain)  
Cuz I know you're my home plate  
(You're my person)  
But we're so hot and cold babe  
And I been searching  
But can we find our old ways

Can we find our old ways  
(I been hurtin')  
Fall back to that same place  
(I'm for certain)  
Cuz I know you're my home plate  
(You're my person)  
But we're so hot and cold babe  
And I been searching  
But can we find our old ways
