

# One At A Time

Alex Aiono

Uh, yeah, yeah, yeah  
Uh, yeah, yeah, yeah  
Uh, yeah, yeah, yeah  
Uh, yeah, yeah, yeah

Obviously you got problems with me  
And we're probably not gonna solve 'em  
Obviously you're not talking to me  
Hit the silent treatment, girl, you got 'em  
Laid back in the Maybach  
Got that ice all on your collar  
Give 'em back if you don't want 'em  
You know I start from the bottom

Baby, you're making the rules up, the rules up  
You changed my life, girl, I put the 2's up, the 2's up  
I made you comfortable, you put your shoes up, your shoes up  
Baby, just go ahead through your list  
But I just wanna hear that shit

One at a time, ooh  
One at a time, ooh  
One at a time, ooh  
I know that everything is my fault  
But just bring it all up one at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
I know that everything is my fault  
But just bring it all up one at a time

Seriously, she won't listen to me  
What's the issue with me and my baby?  
Seriously, it's just getting to me  
This shit really got me going crazy  
Late nights in the Wraith  
Might be the thing that's got you so lazy  
Memory must've got hazy  
Hennessy done got you faded

Why you keep bringing them dudes up, them dudes up?  
I changed your life, I put 22's up on your new truck  
You know my money longer than a school bus  
It ain't for you, but I can't wait 'til I hear some of this list  
But I just wanna hear this shit

One at a time, ooh  
One at a time, ooh  
One at a time, ooh  
I know that everything is my fault  
But just bring it all up one at a time (yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
I know that everything is my fault  
But just bring it all up one at a time

Baby, you know I ain't perfect  
So let's put it all on the surface

And I can tell you I'm worth it  
But I'm gonna show you it one at a time  
You know that you're special  
And sometimes I could be forgetful  
But I can make the longest list telling you that you're the shit

One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
I know that everything is my fault  
But just bring it all up one at a time  
One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
One at a time (one at a time, yeah, yeah), oh  
I know that everything is my fault  
But just bring it all up one at a time

One at a time, yeah, yeah  
One at a time, yeah, yeah  
One at a time, yeah, yeah  
One at a time, at a time

Oh...

I know that everything is my fault but just bring it all up
