

# Sober Again

Alex Aiono

Call me when you're sober again  
'Cause you gon' get me wishin'  
And you know you are different, girl  
When you get on that vodka and cran  
'Cause you start reminiscing  
Then I start reminiscing  
And I'm extra in my feelings  
When I'm hitting that pan  
Girl, you don't ever listen  
I said I needed distance  
'Cause you said you didn't see us  
As more than just friends  
And I was almost kosher with it  
But you called and reset it  
So now I gotta go through this all over again  
(Ooh-ooh, ooh-ooh)  
Yeah, all over again  
(Ooh-ooh, ooh-ooh)  
So now I gotta go through this all over again  
(Ooh-ooh, ooh-ooh)  
Yeah, all over again  
(Ooh-ooh, ooh-ooh)

Last night got a little too real  
You were sayin' some shit you don't mean  
I was layin' alone in my dreams  
Weddin' plans, but you never pick up when I ring  
Never learn, but you wanna grow out of my reach  
Girl, let's face it  
Lovin' this good, baby, you can't replace it  
Maybe over time, but you never take it  
'Cause you always hit me up when you faded

So baby, won't you call me when you're sober again  
'Cause you gon' get me wishin'  
And you know you are different, girl  
When you get on that vodka and cran  
'Cause you start reminiscing  
Then I start reminiscing  
And I'm extra in my feelings  
When I'm hitting that pan  
Girl, you don't ever listen  
I said I needed distance  
I said I needed distance  
'Cause you said you didn't see us  
As more than just friends  
And I was almost kosher with it  
But you called and reset it  
So now I gotta go through this all over again  
(Ooh-ooh, ooh-ooh)  
Yeah, all over again  
(Ooh-ooh, ooh-ooh)  
So now I gotta go through this all over again  
(Ooh-ooh, ooh-ooh)  
Yeah, all over again  
(Ooh-ooh, ooh-ooh)

I swear one day  
I swear one day you gon' wake up  
I swear one day you gon' wake up  
And call me  
I swear one day you gon' wake up  
I swear one day you gon' wake up  
I swear one day you gon' wake up  
And come
