

# Without You

Alex Aiono

These moments get so cold  
It's been a while since you and I spoke  
I know your doors don't close  
I hope

I take Olympic now  
Just to avoid driving past your house  
I swear I'm too far out  
To turn back around

So, what's the point of freedom  
When life just keeps repeating  
I'm dancing with my demons

But I can't do this without you  
Lost in space without you  
Empty days without you  
Only way I know

That I can't do this without you  
I know sometimes I doubt you  
But I'm still learning how to  
Let you guide me home

Cause I can't do this without you  
I can't do this without you  
I can't do this without you  
I can't do this alone

Darker as days go by  
Mom asks about you I just lie  
If she knew the truth she'd cry  
She'd cry

I'm losing faith in me  
I swear I've got every piece I need  
But I still feel incomplete

Cause I can't do this without you  
Lost in space without you  
Empty days without you  
Only way I know

I can't do this without you  
I know sometimes I doubt you  
But I'm still learning how to  
Let you guide me home

Cause I can't do this without you  
I can't do this without you  
I can't do this without you  
I can't do this alone

So, what's the point of freedom  
When life just keeps repeating  
I'm dancing with my demons

Cause I can't do this without you  
I can't do this without you  
I can't do this without you  
I can't do this alone

I can't do this without you  
I can't do this without you  
I can't do this alone

Cause I can't do this without you  
Lost in space without you  
Empty days without you  
Only way I know

No, I can't do this without you  
Lost in space without you  
Empty days without you  
Only way I know

I can't do this without you  
I know sometimes I doubt you  
But I'm still learning how to  
Let you guide me home

So, guide me home
