

Young Love

Alex Aiono

I used to think you were the baddest girl in town
It's crazy how the years go by, but I still think that now
I always wondered why I had no chance with you

Oh, that's right
You always had a mans with you
You used to post these pics with him, but you took all them down

So I was thinking maybe I could pick you up at 6, yeah
We could drive around just like we're kids 'cause
I've been working all week and honestly I just need more of that

I don't feel so young
But I could use a little bit of young love
The world is so grown up
But it could use a little bit of young love

Take me back to 16
When kissing was a big thing, we were full of big dreams
I don't feel so young
But I could use a little bit of young love

Singing like woah-dum-dah-dum, dum-dum-dah-dah-dum, wum-dum-dah-dum-dum
Sing wah-dum-dah-dum-dum-dum-dah-dah-dum wum-dum-dah-dum-dum

We could get churros on the pier
It's such a little sweet thing
Sneak into a movie all the money ain't a thing babe

Take me back in time with the ways that I've been feeling
Say you wanna kiss, you got me nervous when I lean in
But when we hit the mattress, it's like we practiced, yeah

We got all the magic, no actor/actress, yeah
I don't mind the baggage, but thanks for asking
My baby, I just need more of that

I don't feel so young
But I could use a little bit of young love
The world is so grown up
But it could use a little bit of young love

Take me back to 16
When kissing was a big thing, we were full of big dreams
I don't feel so young
But I could use a little bit of young love

Singing like woah-dum-dah-dum, dum-dum-dah-dah-dum, wum-dum-dah-dum-dum
Sing wum-dum-dah-dum ohh yeah

I was thinking maybe I could pick you up at 6 yeah
We could drive around just like we're kids 'cause
I've been working all week and honestly I just need more of that
Ohh

I don't feel so young
But I could use a little bit of young love (young love, yeah)

The world is so grown up
But it could use a little bit of young love (a little bit of young love)

Take me back to 16
When kissing was a big thing, we were full of big dreams
I don't feel so young (so young)
But I could use a little bit of young love

Singing like woah-dum-dah-dum, dum-dum-dah-dah-dum
Wum-dum-dah-dah-do-do-do-do-do-do-do, wum-dum-dah-dum-dum
Ooh oohh yeah
