

Just dance

Alex C

I wanna give you more
just dancing on the floor
come on and clap your hands
come on and clap your hands
I wanna give you voice
just let me hear the noise
come on and clap your hands
come on and clap your hands

I wanna give you more
just dancing on the floor
come on and clap your hands
come on and clap your hands
I wanna give you voice
just let me hear the noise
come on and clap your hands
come on and clap your hands

I wanna give you more
just dancing on the floor
come on and clap your hands
come on and clap your hands
I wanna give you voice
just let me hear the noise
come on and clap your hands
come on and clap your hands

(music)

I wanna give you voice
just let me hear the noise
come on and clap your hands
come on and clap your hands
I wanna give you more
just dancing on the floor
come on and clap your hands
come on and clap your hands

I wanna give you voice
just let me hear the noise
come on and clap your hands
come on and clap your hands
I wanna give you more
just dancing on the floor
come on and clap your hands
come on and clap your hands

come on come on
just dancing on the floor
just let me hear the noise
just dance, just dance
just dancing on the floor
