

# Get Real

Alex Clare

I am contemplating, just stating  
No procrastinating, time wasting  
Doing what I need, revealing the lies  
Smashing the darkness and bringing the fire

I think I've got enough to do in my days  
I think I've got enough to do in my days  
Doing what I need, revealing the lies  
Smashing the darkness and bringing the fire

Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now

Tried to cumulate in, tried saving  
Been spending, done craving  
Fire up the beast I got in my eyes  
Clearing my thoughts, eyes on the price  
I think I've got enough to do in my days  
I think I've got enough to do in my days  
Fire up the beast I got in my eyes  
Clearing my thoughts, eyes on the price

I think I've got enough to do in my days  
I think I've got enough to do in my days  
Doing what I need, revealing the lies  
Smashing the darkness and bringing the fire

Bow to get real  
So real

Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now  
Bow to get real  
To get real now
