

Another Adventure

Alex Day

I am the undefeated
I can feel it in my veins
You can try to take me out
You're only getting in my way
So let me show you how it feels
When I ain't wrapped in your regret
From where I'm standing I'm the man
I think you'll find yourself impressed

Off I go
Gonna tear down all these walls
And see what the world has in store

It's another adventure
I could run so fast it breaks the speed of sound
Whatever the weather
There is always more adventure to be found
It's another adventure
You can try but you will never bring me down
And my only terror
Is I waste a single day before me now

I am the unrelenting
So it's best you set me free
Cos life is short and I'm not waiting
For the sun to set on me
There's a world ripe for exploring
I don't think I'll ever be done
I've seen things you can't imagine
And I can sleep when I am gone

On I go
Gonna tear down all these walls
And see what the world has in store

It's another adventure
I could run so fast it breaks the speed of sound
Whatever the weather
There is always more adventure to be found
It's another adventure
You can try but you will never bring me down
And my only terror
Is I waste a single day before me

And I am rising to the challenge
You can find me with the champions
And I will fight for my companions
The greatest friends I ever had
I ever had

It's another adventure
I could run so fast it breaks the speed of sound
Whatever the weather
There is always more adventure to be found
It's another adventure
You can try but you will never bring me down
And my only terror

Is I waste a single day before me
Waste a single day before me now
