

# Throw It All To Hell

Alex Day

Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell

Lie to me  
I want you to make me a fantasy  
I'm ready for you, I'm imagining  
How you get me, if you get me  
Throw it all to hell  
Your gravity  
It's pulling me in, this calamity  
When you're eying me up like an animal  
But this habit, could be madness  
Throw it all to hell

Hard to clear my head  
You got me up against this  
Easy to forget  
About the consequences

Hey  
Isn't this good  
Isn't this all you're asking for  
Take a guess  
You know I'll never tell  
Hey  
Whatever comes next  
Thinking I finally know the score  
Guess again, let's throw it all to hell

Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell  
Hard to clear my head

Stop asking me  
What I am supposed to get out of this  
I want you, if that's not enough for you  
Why don't you tell me if you want me  
Then come over and see  
Now we're circling  
Like animals lost in the wilderness  
And soon there won't be any tenderness  
Now you get me, you're right on me

Hey  
Isn't this good  
Isn't this all you're asking for  
Take a guess  
You know I'll never tell  
Hey

Whatever comes next  
Thinking I finally know the score  
Guess again, let's throw it all to hell

Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell

Hey  
Isn't this good  
Isn't this all you're asking for  
Take a guess  
You know I'll never tell  
Hey  
Whatever comes next  
Thinking I finally know the score  
Guess again, let's throw it all to  
Hey  
Isn't this good  
Isn't this all you're asking for  
Take a guess  
You know I'll never tell  
Hey  
Whatever comes next  
Thinking I finally know the score  
Guess again, let's throw it all to hell

Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell  
Hey  
Throw it all  
Throw it all to hell
