

Glad to Be Alive

Alex G

Bluebirds sing, afternoon
I am listening
Tell me, are you?

Put it down, lift your head
Quit your doings
Pray instead

There is warmth in every moment
If you see
And you will find
In the evening
In the morning
You'll be glad to be alive

Busy bee working hard
Always buzzing
And always are
Put it down, rest your head
Look around you
And you'll hear

'Cause there is life in every moment
If you see
Then you will find
In the evening
In the morning
You'll be glad to be alive

Oh, I am glad to be alive
