

Heart to Mind

Alex G

Last year was a hard one
It took a tall order of my strength
And this year isn't easy
God forbid you get in my way

The other side of darkness
Sounds like freedom calling

So I'm gonna take it easy on me
I'll find an open highway
Then I'll drive, drive, drive
Till I'm free from heart to mind

I found my way around you
It took a tall order of our strength
And I learned about forgiveness
But I've been slow giving it away

The other side of crying
Ooh, is a silent [?]

So I'm gonna take it easy on me
I'll find an open highway
Then I'll drive, drive, drive
Till I'm free from heart to mind
I'll take it easy on me
I'll find an quiet place
Then I'll ride, ride, ride
Till I'm free from heart to mind
From heart to mind
Oh, from heart to mind

Watch me while I take my time back
Kindness is a choice don't forget that
Watch me while I take my time back, ooh
Kindness is a choice don't forget that
Don't forget that

So I'm gonna take it easy on me
I'll find an open highway
Then I'll drive, drive, drive
Till I'm free from heart to mind
I'll take it easy on me
I'll find an quiet place
Then I'll ride, ride, ride
Till I'm free from heart to mind
