

Masterpiece

Alex G

You changed it all
Coffee on a Tuesday
Turn into a real thing
Gave me your truth
I had it in my arms
But lightly disagree
In no
Trust me
Everything you are
It's beautiful

You and me
Ain't perfectly
You got your demons
I got disaster
Together we're masterpiece

You wear my tears
And they're in your sweater
My scars on your shoulder
We'll drown our fears
Scary conversations
I never wanna have for you
Told me everything I am is beautiful

You and me
Ain't perfectly
You got your demons
I got disaster
Together we're masterpiece

You and me
Ain't perfectly
You got your demons
I got disaster
But together we're masterpiece
Ooh...

Hold your breath
We're diving in
We're slowly falling
Down together
We will brake
But never fear
We'll slowly
Rise again together

You and me
You got your demons
But you make me better
And we're masterpiece
