

Wait for You

Alex G

I love you, I love you, I do
Like crazy, like stupid, it's true
And every day I'm waking up to my best decision
I love you for choosing me too

And I'll always wait for you

Everything you are
Is everything I love to need
Holding me in your arms
Like medicine you're helping me to breathe and I can see
Messy is worth it when you're the one loving me

Remember the moment we knew
The promise in my kissing you
And I can see you in the moments we dream up family
The one thing that I know is true

I will always wait for you

You are my lullaby laying my chaos to rest
If it all falls apart, you're the hope I'll always have
