

# Talk Talk

Alex Gaudino

Under the star light  
You can bring the moonshine  
We risin up  
And fallin with the day  
A little loco  
Everybody yolo  
Can't get enough  
We take you all the way

Ay ya ya  
Tu casa calls  
Pick up  
I can't ignore  
So good  
I feel it comin our way  
Ay ya ya  
I'm at your door  
Get up  
You can't control  
Oh lord  
My heart is goin baby

All they do is talk talk talk  
Baby I show you how to love love love love  
We don't give a fuck fuck fuck  
I show you how to love love love love

Baby I show you how to love

Baby I show you how to love love love love

Yeah you da baddest  
A little lavish  
But I'mma see you eye to eye  
Cus I'm a wild one  
Pushin on your intentions  
I'll put my fingers in the fire

Ay ya ya  
Tu casa calls  
Pick up  
I can't ignore  
So good  
I feel it comin our way  
Ay ya ya  
I'm at your door  
Get up  
You can't control  
Oh lord  
My heart is goin baby

All they do is talk talk talk  
Baby I show you how to love love love love  
We don't give a fuck fuck fuck  
I show you how to love love love love

Baby I show you how to love

All they do is talk talk talk  
Baby I show you how to love love love love  
We don't give a fuck fuck fuck  
I show you how to love love love love
