

Together

Alex Gaudino

The moonlight, I burn in flame
You see me and look away again
You're golden, I say your name
I see you and now we're both to blame

Hey lady, oh-oh, oh-oh, oh
You're my baby, oh-oh, oh-oh, oh
Hey lady, oh-oh, oh-oh, oh
You're my baby, oh, whoa, whoa, whoa

Come dance with me
Come dance with me
Come dance with me
We're gonna get together
Come dance with me
Come dance with me
Come dance with me
We're gonna get together

The night falls, we're free again
A whisper, no reason to pretend
Come closer and trust me now
Forever, this time will never end

Hey lady, oh-oh, oh-oh, oh
You're my baby, oh-oh, oh-oh, oh
Hey lady, oh-oh, oh-oh, oh
You're my baby, oh, whoa, whoa, whoa

Come dance with me
Come dance with me
Come dance with me
We're gonna get together
Come dance with me
Come dance with me
Come dance with me
We're gonna get together

Girl
Oh girl
Oh girl
Oh-oh, oh
Gonna get together
Girl
Oh girl
Oh girl
Oh-oh, oh
Gonna get together

Over and over again
Reach out
Over and over again
Hold me
Over and over again
Reach out

Gonna get together

Gonna get together
