

# Your Love Gets Me High

Alex Gaudino

You're like a wonder truck  
The way you lift me up  
Nobody else can make my heart beat like a drum  
You got me so caught up  
It's just like lightning struck  
And all it took was just one little touch

I'm in love, take me  
Never been more empty  
You make me feel like I could fly  
Up, up and away  
Baby you making me crazy  
And I wouldn't have it any other way

Your love gets me high  
Stars ain't got nothing on me  
I'm so high up baby  
Your love gets me high  
No I ain't feeling ground lately  
Ain't coming down baby  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high

I'm never feeling down  
You turn my world around  
Not even gravity can keep me on the ground  
Floating right pass the clouds  
I'm next to see now  
Nothing's impossible any or around

I'm in love, take me  
Never been more empty  
You make me feel like I could fly  
Up, up and away  
Baby you making me crazy  
And I wouldn't have it any other way

Your love gets me high  
Stars ain't got nothing on me  
I'm so high up baby  
Your love gets me high  
No I ain't feeling ground lately  
Ain't coming down baby  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high

I wanna take another hit of you  
Stay up all night and watch the sun rise  
I'm getting lost in your eyes

You're making me so high  
And I like the view  
I'm so addicted to love  
And it can't get any better  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high

Your love gets me high  
Stars ain't got nothing on me  
I'm so high up baby  
Your love gets me high  
No I ain't feeling ground lately  
Ain't coming down baby  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high  
Your love gets me high
