

Scared

Alex Goot

I can tell from the way you walk
You've never seen the world
And you've been a little girl for far too long
When you say those things to me
You're messing with my head
Did you mean it when you said I'm not what you're looking for?

So maybe I could make you need me
Maybe we'll just have to find out
Don't hate me for the way I'm feeling
You know I know we know I'm feeling
So scared
You know it

You'll make me wait for it
Get on my knees and beg
I'm forced to compromise with what you say
Make those words count make me see
I am wrong you were right

So maybe I could make you need me
Maybe we'll just have to find out
Don't hate me for the way I'm feeling
You know I know we know I'm feeling

From the distance you seem worlds away
I'll never reach you
What happened to us anyway?
From across the world it's hard to say
If I even miss you
But it sure feels like it today
It sure feels like it today
You made me say what's on my mind
I'm regretting every single time
We talked things over or we made up
I've finally had enough

So maybe I could make you need me
Maybe we'll just have to find out
Don't hate me for the way I'm feeling
You know I know we know I'm feeling
