

# I.C.Y.M.I

Alex Isley

I remember  
Fire in the winter  
Being hot in December  
Hot like a mid-day in July  
Navy blue nights  
Brighter than the sunlight  
Wanna hold on but I  
I don't wanna close my eyes  
Wanna have him like pictures  
Keep them in my mind  
To remind myself how far you were  
And if I can recall the way I feel right now  
Won't see this all as just a blur

Cause you  
Got me in a space  
I could never dream  
Nothing like a memory  
I'm goin'  
Where I wanna be  
So baby, please  
Save the moment here for me, oh

So I can go back back back right back, yeah  
I wanna go back back back right back, yeah  
So I can go back back back right back, yeah  
I wanna go back back back right back, yeah

I never knew why  
Seconds, minutes fly by  
All these hours and I  
Wanna relive every one  
Ohh, every color  
Every single member  
Like a screen in sliver  
With my baby we emerge

Cause you (oh oh ooh)  
Got me in a space (oh oh oh ooh)  
I could never dream (oh oh ooh)  
Nothing like a memory (oh oh oh oh ooh)  
I'm goin' (oh oh ooh)  
Where I wanna be (oh oh oh ooh)  
So baby please (oh oh ooh)  
Save the moment here for me (oh oh oh oh ooh)

So I can go back back back right back, yeah  
I wanna go back back back right back, yeah  
So I can go back back back right back, yeah  
I wanna go back back back right back, yeah

Back to the stars at night  
Back to the moon glow  
Back to the music  
So I don't miss it, yeah  
See it all in my eyes  
I wanna keep this

Can we repeat this?  
So I don't miss it, hey

Cause you (you)  
Got me in a space (ooh)  
I could never dream  
Nothing like a memory  
I'm goin' (oh oh ooh)  
Where I wanna be (oh oh oh ooh)  
So baby please (oh oh ooh)  
Save the moment here for me (oh oh oh oh ooh)

So I can remember (ooh)  
Fire in the winter (ooh)  
Yeah  
Ooh yeah
