

Inevitable

Alex Isley

You couldn't get away if you tried (you tried)
I know it's yours and you know it's mine
No choice our hearts became magnetized
You couldn't get away if you tried

It's inevitable, inevitable
Inevitable, inevitable
It's inevitable, inevitable
Inevitable, inevitable
We love without a doubt, cause there's just no way out
It's inevitable, inevitable
Inevitable, inevitable

We're meant to have what we got right here
Ain't gotta force the joy, the tears
With everyday it becomes so clear
We're meant to have this right here

It's inevitable, inevitable
Inevitable, inevitable
It's inevitable, inevitable
Inevitable, inevitable
We love without a doubt, cause there's just no way out
It's inevitable, inevitable
Inevitable, inevitable

We say it's like a dream to see
I know, I know
It was supposed to be us, unstoppable love with you
Might not be so bad after all

It's inevitable, it's inevitable
It's inevitable, it's inevitable
We love without a doubt, cause there's just no way out
It's inevitable, inevitable
Inevitable, inevitable

Oh oooh oh yeah
Oh oooh oh yeah, yeah
We love without a doubt, cause there's just no way out
Oh oooh oh yeah
We love without a doubt, cause there's just no way out
