

PULL UP NOV 4TH

Alex Jean

Slide on the beat now I'm feeling exotic
Talking to God and I know that I got it
Gave it to him and I know that he on it, yeah
Slid on the beat now I'm feeling like rocky
Tucking the word and it's deep in my pocket
I'm feeling good cause I know that I got it

Having a show on the 4th
Pull up you know it's a force
We getting too litty we turn up the city
We doing this all for the lord (huh)
Straight up November the 4th
7 I open the doors
Make sure you cop you a ticket dog
Don't know how you gone get in it dog
If you not getting lit then don't pull up
I don't want no one misunderstood us
I and my people you know we gon turn up the 4th
I'm getting lit for the lord
Know that I got it I know they gon hate it
I do not care what these people be saying
God you the reason I'm making a statement
Know what I need
Trust me I'm making a statement
I'm finna be myself
You made me amazing
I cannot change it
I'm feeling great
I'm feeling greater (yeah)

Slide on the beat now I'm feeling exotic
Talking to God and I know that I got it
Gave it to him and I know that he on it, yeah
Slid on the beat now I'm feeling like rocky
Tucking the word and it's deep in my pocket
I'm feeling good cause I know that I got it

Back on the road
I needa win
I'm in the zone
Did it again, open the door
You worry bout money I'm walking on gold
Know what I got I ain't selling my soul
Gave you my life now I'm seeking you more
Thoughts that been in me nobody would know
You made me valuable straight out the womb
I don't need no one to tell me I'm wrong
I'm walking in like I'm drippin in gold
Devil can't stop me I know that I'm going
I had to drop everything that was wrong
Ok wait fresh every day
I'm not Andrew Tate
I do not debate
I'm walking with God I don't need a drake
I fell in love with the reason I'm made

Slide on the beat now I'm feeling exotic

Talking to God and I know that I got it
Gave it to him and I know that he on it, yeah
Slid on the beat now I'm feeling like rocky
Tucking the word and it's deep in my pocket
I'm feeling good cause I know that I got it

Slide on the beat now I'm feeling exotic
Talking to God and I know that I got it
