

# Addicted

Alex Mali

I'm addicted to the way we love  
I'm addicted to the way you touch me  
Got me fiendin', you're my drug  
Got me screamin' out in pure ecstasy  
And you know I like it rough  
Yeah, I barely had enough, just trust me  
I could never get enough  
I'm addicted to the way you love me  
Way you love me, hold me, touch me  
Fuck me, hold me

Don't you let me go, go, go  
Let me go, go, go  
Don't you let me  
Go

Talkin' all night  
Baby, it's time to show me  
You can back it up, right?  
Sippin' on white  
No, I don't bite  
Unless that's just something you like  
Little advice, babe  
You ain't gon' find nobody who this icy  
You ain't gon' find no one who do it like me  
I got elite shit, baby, I could unleash it, baby  
I'm talkin' real shit, baby, ooh

Leave with your bros on your own  
Or we could get it on all night long, oh

Don't be so shy, give a try  
If you think you catchin' a vibe  
Know that I'm fine (Yeah, you know that I'm fine)  
So please tell me, where did I lie?  
Little advice, babe  
You ain't gon' find no one 'less you decisive  
If you think I'm the one, then go on, invite me  
'Vite me over to the fuckin' crib  
Show me what the fuck it really is  
Talk is cheap, just show me how you live

Leave with your bros on your own  
Or we could get it on all night long, oh  
Leave with your bros on your own  
Or we could get it on all night long, oh (We could get it on)  
(On, we could go, we could)  
(Go, go, take me to [?])
