

I Know

Alex Mali

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next

I remember days when they was kidding with me
Yeah, they never tried to split it 50/50 with me
Now they tryna act like they all done and did it with me
Ain't hold me down? Now ain't nobody sitting with me (Nah, nah)

I remember days that I would never forget
All the days that I wept, swear that I never slept
Yeah, now they see me saying how I'm so "saddity"
Little do they know "Saddity's" just tryna run the city
Yes and that's why

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next

I remember days when there was darker than light
Now I see the blessings coming, so I put up a fight
Everyday pieces the puzzle, every dream comes to life
So I'm living it right, Always do never might

Yeah, I refuse to let adversity have it all
So I'm gonna keep on climbing even when I do fall
Came a long long way and I can go even more
It's too hot up in this kitchen so I'm serving it raw

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next

I pulled up dripping, my fit Chanel, my kicks Adidas
Fenty on my face, DJ Stacks bumping through the speakers
I know how to do this, I assure you I'm the best
I know how to do this, Imma show you who's up next
