

Obeah Man

Alex Mali

Coulda sworn I burned enough sage to clear you out my mind
And I prayed my karma would bring no drama in my life
But somehow you found a way to get right back inside
And I should use spite to scare you but I'm not that type
I watched you play the victim to justify your lies
It's actually funny, that's not what caught me by surprise
What triggers me most is that there's still love I can't deny
Cuz I hold my tongue to spare you, and that's way too kind

Why can't I shake this feelin'
Cuttin' me deep like this?
You mussa obeah man
You mussa obeah man
What type of love you dealin'
That's got a grip like this?
You mussa obeah man
You mussa obeah man

Watch you turn, turn, twist and turn
Down the road of no re-
Turn, turn, twist and turn
Every single word
When you only wan bend
That's all dem man wan fi do, just bend
Bend any girl like banana bend
Risk everyting cuh ya wan make friend
Bend till it break, now ya wan make mense

Why can't I shake this feelin'?

Why can't I shake this feelin'
Cuttin' me deep like this?
You mussa obeah man
You mussa obeah man
What type of love you dealin'
That's got a grip like this?
You mussa obeah man
You mussa obeah man

Why can't I shake this feelin'
Cuttin' me deep like this?
You mussa obeah man
You mussa obeah man
What type of love you dealin'
That's got a grip like this?
You mussa obeah man
