

PHENOM

Alex Mali

I miss my heater...
I miss my top light...
I miss my sisters yellin' 'bout who's doing dishes tonight
I miss my TV
I miss my freedom...
To walk in TEES and not SWEATS
To invite over some guests

I'm not a DIVA, I'm a BELIEVER
I'm working hard, it's paying off, Hollywood needs her
And now I'm tired of living like that
Lacing every damn track, waiting on my payback
Mama wants a Maybach

See me, I go by (A)
People know me, and they watch my (L) ead
Too (E) asy when I slay
(X) out the competition, finish then I lay back
"Watch out watch out baby, you gotta know where their heads at.
"
