

# Set Good

Alex Mali

No man nah deserve this  
See how my body just set good?  
And I whine with a purpose  
Get down the way I do (yeah)

And you love it when I work it  
But you got to put the work in  
I don't need a boy who learnin'  
Waist line haffi perfect

I know I'm not the only one who's got this on my mind  
You wanna test the water baby don't you waste my time  
I told you what I want, If you don't get it wait in line  
Don't make no sense to party 'less you gonna do it right

I dare you to  
Prove me wrong tonight got to prove me wrong tonight  
I wanna  
Lose myself tonight got to lose myself tonight

I dare you to  
Prove me wrong tonight got to prove me wrong tonight  
I wanna  
Lose myself tonight got to lose myself tonight  
I, I

I wanna turn up, can't you feel my body burn up?  
Send me a rider, someone who can take me higher  
Don't feel that we relate  
Don't talk it, demonstrate  
Need me a man who can take it, I'm tryna' bend till I break it  
I ain't ashamed when I shake it, Look in my eyes I ain't fakin'  
Don't, be misunderstood, I don't want it 'less it's good

I know I'm not the only one who's got this on my mind  
You wanna test the water baby don't you waste my time  
I told you what I want, If you don't get it wait in line  
Don't make no sense to party 'less you gonna do it right

I dare you to, prove me wrong tonight got to prove me wrong tonight  
I wanna, lose myself tonight, got to lose myself tonight  
I dare you to, prove me wrong tonight  
Got to prove me wrong tonight  
I wanna, lose myself tonight, got to lose myself tonight  
I, I

Prove me wrong tonight, got to prove me wrong tonight  
I wanna, lose myself tonight got to lose myself tonight  
I dare you to, prove me wrong tonight  
Got to prove me wrong tonight  
I wanna, lose myself tonight, got to lose myself tonight  
I, I
