

Love Lie

Alex Mattson

I wish that you would hear me cry in the darkness
And turn it into a call for action
I'm searchin' for a melody that will make you see
All the pain you've put me through

And I know in a minute
I'll be the lonely one
And I'm so good at forgivin'
I'll do it time after time after time

Love is just a lie
Love is just a lie
(Love is just a)
Love is just a lie, lie
Lie
(Love is just a)

Help me to remember why I'm designing
Your picture perfect hallucination
Now I'm diggin' for a memory
That could remedy all the ways that I love you

And I know in a minute
I'll be the lonely one
And I'm so good at forgivin'
I'll do it time after time after time

Eh
Why fall in love when you can always fall asleep
Why follow your heart when you can't follow your dreams
Love in all these movies girl, it's never what it seems
But oh I miss that feelin' baby, make me believe
Love is just a lie but baby I might try
I can write a lullaby and make your heart come back to life
Revive this feelin', your wounds are healin'
Show me how to love you like there is no fucking ceiling

And I know in a minute
I'll be the lonely one
And I'm so good at forgivin'
I'll do it time after time after time

Love is just a lie, lie, lie
(Love is just a lie, lie, lie)
Love is just a lie, lie, lie
(Love is just a lie, lie, lie)
Love is just a lie, lie, lie
(Love is just a lie, lie, lie)
Love is just a lie, lie, lie
(Love is just a lie, lie, lie)
Love is just a lie, lie, lie
