

Serotonin

Alex Sampson

Take me back
When it was
Just you and I
All night long
Shooting stars
My guitar
Playing all of your favorite songs
Pretending we're okay
These words I wanna say
I see it on your face so I don't

I know if I ask you won't
Tell me what I want to know

Since you don't love me anymore
All that we could be
Thrown on the floor
You're my serotonin
Tell me where have you been?
My serotonin
My serotonin

Fell from Eden
I'm not sleeping
All you are is on my mind
Tore my heart
And now I'm scarred
I wanna go back in time
Pretending we're okay
Those words I'll never say
I saw it on your face now I know

Since you don't love me anymore
All that we could be
Thrown on the floor
You're my serotonin
Tell me where have you been?
My serotonin
My serotonin

I can't live without you
Even if I tried to
I can't live without you
Even if it tried
I can't live without you
Even if I tried to
I can't live without
My serotonin

Since you don't love me anymore
All that we could be
Thrown on the floor
You're my serotonin
Tell me where have you been?
My serotonin
My serotonin

I'm not happy without you
I'm not happy without you
I'm not happy without you
