

Wallflower

Alex Sampson

I don't know, baby
How something so wonderful
Something so delicate, don't know
That she's
Tearing me up inside
Oh without even trying

Why can't you see what I see?
Know what I know to be true

Wallflower
I can't look away
Dancing in the shade is no place for something so beautiful
Wallflower
I can be the rain the sunlight on your face
I wanna see how you bloom
Wallflower

Trust me
Baby trust me
You are the symphony
Waiting to start
Let me
Won't you let me
Watch you unfold oh won't you show me

Why can't you see what I see?
Know what I know to be true

Wallflower
I can't look away
Dancing in the shade is no place for something so beautiful
Wallflower
I can be the rain the sunlight on your face
I wanna see how you bloom
Wallflower

Spinning around and around in the rain
I wanna see all the colors you make
Spinning around and around like the moon
Darling take my hand cause
I wanna see how you bloom
Wallflower

I wanna see
I wanna see you bloom
I wanna see
I wanna see you bloom
I wanna see
I wanna see you bloom
