

# Giving Up The Ghost

Alex Vargas

Red flows of broken flee  
You've woken up on me  
That shit it shakes me down  
Could it?? split to sleep, ooh yeah

Come close to see me friend  
My spirit's broken, bent  
Come closer help me to  
My spirit's broke and bent

Give up the ghost  
Don't talk about it  
So I'm not hanging in the moment of surrender  
So I'm not hanging in this moment for forever  
Until I leave it too late

Give up the ghost  
Don't talk about it  
I won't be hanging in the moment of surrender  
I won't be hanging in this moment for forever  
Until I leave it too late

Where is that place of  
I come back with harder blows  
Till I came back mess  
Come close to see me friend  
My spirit's broke and bent  
Come close and help me too  
My spirit's broken, bent

Give up the ghost  
Don't talk about it  
So I'm not hanging in the moment of surrender  
So I'm not hanging in this moment for forever  
Until I leave it too late  
Give up the ghost  
Don't talk about it  
I won't be hanging in the moment of surrender  
I won't be hanging in this moment for forever  
Until I leave it too late

Give up the ghost  
Don't talk about it  
So I'm not hanging in the moment of surrender  
So I'm not hanging in this moment for forever  
Until I leave it too late  
Give up the ghost  
Don't talk about it  
I won't be hanging in the moment of surrender  
I won't be hanging in this moment for forever  
Until I leave it too late
