

Higher Love

Alex Vargas

Have we OD'd on a good thing?
Have we run against the wall?
Is the devil in the routine?
And we don't even know
Wanna be like in the movies
Where they run wild and free
But the devil in the routine won't let us be

Sometimes we make it
Only to break it
But then we let it go

Cause baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love
Baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love

Can we hold on to a good thing?
Can we tear down this walls?
Beat the devil in the routine
Change what we know

Sometimes we make it
Only to break it
But then we let it go

Cause baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love
Baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love

Giving me higher love
Giving me higher love
Giving me higher love
Giving me higher love

And the way it comes will carry us over
Leaps and folds, but we're still holding on
Cause at the break of every wave there is power
And every time I feel unsure
I breathe in through your lungs and I know

You're giving me higher love
Keep giving me higher love
You're giving me higher love
Baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love, yeah

You're giving me higher love
Keep giving me higher love
You're giving me higher love
Baby, you
You're giving me higher love
Keep giving me higher love
You're giving me higher love, yeah

Giving me higher love
Giving me higher love
Giving me higher love
Giving me higher love
