

Shackled Up

Alex Vargas

Ooh ooh ooh
Ooh ooh ooh

With your back to mine we start the count down, we start the count do
wn
But what's the gain?
You and I we shoot with broken arrows
But broken arrows, they won't break these chains

And I get the feeling that we're shackled up, we're shackled up
You're no good for me, you're no good
I get the feeling that
We cover up, we cover up
It's no good for you
And no good for me

Ooh ooh ooh

At the break of dawn we're sure enough
Sure enough we lose our heads at the break of dawn
And the bombs will fall, we're still in darkness
We're still in darkness and the bombs will fall

And I get the feeling that we're shackled up, we're shackled up
You're no good for me, you're no good
I get the feeling
That we cover up, we cover up
It's no good for you
And no good for me

Ooh ooh ooh
Ooh ooh ooh

And I get the feeling that we're shackled up, we're shackled up
You're no good for me, you're no good
I get the feeling
That we cover up, we cover up
It's no good for you
And no good for me

I get the feeling
I get the feeling, yeah
I get the feeling
I get the feeling, yeah

No good for me, no good for me

Ooh ooh ooh
