

# Mirage

Alex Vaughn

When he comes around, I can't contain myself  
The feelings like a magnet  
Tried a million times, but can't explain myself  
All I know is I've got to have it  
A drug I never even asked for  
But now I can't quit, too addicted  
Or is it all inside my head  
And my eyes are tricking  
Making me see what was never there  
I don't care, you're

Damn near perfect  
Beautiful you are, yeah  
Or is it just a mirage?  
You've got me in the desert dry  
But seeing waterfalls  
Someone save me  
I'm on the verge of falling

In love  
Or am I falling to the ground?  
And everyone can see it  
Won't believe it  
I don't see no one around, yeah  
Damn

You can see in my eyes (In my eyes)  
That I'm too hypnotized (Hypnotized)  
Temperature's too high  
I smile but then I cry  
So stupid fucking high  
That I forget about the lows  
And the lows get pretty low, oh  
To the point that I might die  
But I wanna stay alive  
Stop hallucinating over lame ass niggas  
(Lame ass niggas)  
I'll snap out of it in time  
Damn, damn

Damn near perfect  
Beautiful you are, yeah  
Or is it just a mirage?  
You've got me in the desert dry  
But seeing waterfalls  
Someone save me  
I'm on the verge of falling

Back  
Back to my senses  
Back to the real life  
Now I realize you were never good for me  
Back  
Back to my senses  
Back to the real life  
Now I realize you were never good for me  
It's a shame, it's a shame, it's a shame

It's a shame, shame, shame
