

# How Many Time

Alex Wiley

How many times, how many times, how many times?  
How many times, how many times, how many times?  
How many times, how many times, how many times?

Never can't sleep on the boy  
Never count out the kid  
Said exactly what I did, living how I live  
I been taking risk for my benefits  
Never been a bitch  
Okay maybe once or twice  
I been livin on a high, levellin my mind, devil in disguise, took my own adv  
ice  
And I took my time  
Say what you want it don't matter to me  
Can't always play in the minor leagues  
Ok I'm done with the minor leagues  
They lookin at me like finally  
Running my dope where you finding me  
Can't be broke ain't got no time to be  
Let go of my past it was haunting me  
Looked down at my plate, I'm willing to play, I don't wanna play, get out of  
my way  
You wanted a gun, and went with the sun, that shit got me scared, I cannot w  
ait  
Who give a fuck if they feel you  
They tryna play you a failure  
You cannot buy what they sell you  
How many times do I got to tell you?

How many times how many times how many times  
How many times how many times how many times  
How many times how many times how many times  
How many times how many times how many times

See the dark through my mind's eye  
They can see the light blind guys  
Hula-hoopin through the zeitgeist  
757 time flies  
Summer coolin sippin maitais  
Yeah just what they tell him my turn  
Yeah just what they tell me tell em for real  
Yeah this [?] got my mind right  
And then it's all that fine line  
Between love and hate there's a fine line  
I just came out for a fine time  
You the smiles in my mind, my  
Damn shorty you define fine  
I think your pussy got nine lives  
So I'm tryna hit it like nine terms  
I'm tryna hit it like nine times

I could give a fuck bout what you thought that it was  
I could give a fuck bout what you thought that it was  
It don't matter if you fell as long as you keep tryin  
Pick yourself back up it don't matter how many times

How many times, how many times, how many times?

How many times, how many times, how many times?  
How many times, how many times, how many times?  
How many times, how many times, how many times?

How many times I gotta tell niggas that you're no friend of mine?  
I don't see none of y'all I swear I just see finish lines  
How many times you rode away, don't tell a lie, you can't be working my shit  
is urgent it's overtime  
We goin down  
Pray for the double up  
Do we clean it or bubble up?  
I got like 20k tucked away next to the adderall for when the trouble comes  
Get yo money up, keep it bubblin  
Middle finger to the government put all my niggas on 'cause it's humbling  
I don't say everything, it'd be troublin  
Lookin around I see all you clowns, still no one jugglin  
The blessing's keep coming in these blessings  
You can't stop what's meant to be, stop my energy  
I been preachin this shit religiously check your memory bitch

How many times, how many times, how many times?  
How many times, how many times, how many times?  
How many times, how many times, how many times?  
How many times, how many times, how many times?
