

Quest II

Alex Wiley

Please stand clear, the doors are closing

A vibe got caught, but my flight got missed
I did all types of shit seeking enlightenment
I take it nice and slow or I just ride with it
I take it nice and slow, offer just ride with it
A vibe got caught, but my flight got missed
I did all types of shit seeking enlightenment
I take it nice and slow, offer just ride with it

I don't wanna talk, I'm too busy talkin' (Talkin')
I just wanna eat, I came for my portion (Portion)
I'm feelin' emotions
I had a vision and put it in motion
Face more pressure than the depths of the ocean
Losing my spirit, my essence erodin'
Out of town, I been in a new scene
Left the ground, I don't know what to think
Often found, like a limb on a beam
Talkin' down, I'm just tryna get free
You do you, I just wanna do me
You do you, I just wanna do me
You do you, I just wanna do me
You do you, I just wanna do me

Yeah, yeah
Did some acid, I'm feelin' spectacular
Dawg, took a trip with no pads, I ain't pack 'em in, dawg
Look to the sky and I'm feelin' so thankful
'Cause none of this had to have happened at all
I don't fuck with the game I just happen to ball
Fuck with the gang 'cause we havin' a ball
Just got the new fit and I'm gettin' it off
Just met this lil' chick and we hittin' it off

A vibe got caught, but my flight got missed
I did all types of shit seeking enlightenment
I take it nice and slow or I just ride with it
I take it nice and slow, offer just ride with it
A vibe got caught, and my flight got missed
I did all types of shit seeking enlightenment
I take it nice and slow, offer just ride with it

Fuck
Let me hear that
